Notes: On chord shapes like 050550 or 050540, it's not entirely necessary to fret the 5th string; it's a slightly complex chord to play and with so much of a drone effect going on in this song, it's easier to just leave it out.

Moon in the mirror

050550 050540  
Won't you stay a while tonight

All things of beauty

050550 000790 000000  
Are too soon out of sight

999900  
I know it's a selfish plea

555500  
You must light the hearts of more than me

333300  
There's a girl at her window

555500 000000 050550 050540  
Now she's trying to catch your eye

333300  
But alas, pretty stranger

555500 000000 050550 050540 002020  
You must keep on passing by

050550  
Moon in the mirror

000000 050550 050540 xxx000 002020  
I don't know you

Just a re - flection

000000 333300 777700  
Of kisses and whispers and indigo skies

050550  
Moon in the mirror

050540 050550 xxx000 002020  
Look be - low you

050550  
Moon's looking back

000000 333300 555500 777700  
And they're loving and longing and telling no lies

000000 050550 050540 002020  
000000 050550 050540 002020

Verse 2:

Moon in the mirror  
I will ask you one more time  
Not for a reason  
And not for a rhyme  
But please tell me if you can  
Have you seen a moonlit man?  
He's so very like you  
You could see him from afar  
Perhaps he's misplaced moonbeam  
Or a banished star  
Moon in the mirror  
You're so like it  
Light up the room for an hour  
A smile or the beat of my heart  
Oh how my heart tried to fight him  
Fight against mirrors  
Of moonlight and lovelight  
You're lost from the start,

000000  
From the start

005050 005040 002020 005050
