Played on Baritone ukulele.  
Tuning (low to high): Db Gb Bb Eb  
Joni tuning: Db545

(Or use guitar with all strings tuned one semitone down to Eb Ab Db Gb Bb Eb, and use only the top 4 strings)

### Chord shapes:

- Gb/Db: 0003
- Abm/Eb: 2210
- Abm7/Eb: 2213
- Db7: 0212
- Db9sus4: 0213
- Db9(no 3rd): 0210
- Gb7/Db: 0001
- Bbm/Db: 0432

For simplicity, I'll write out most of the chord names without the altered bass notes (e.g. Gb rather than Gb/Db), except for the Bbm/Db chord as this alternative bass note has a more important role in the overall sound of this chord to my ears.

Note that in the main part of the song, the open strings are often strummed as the chord shape changes, a technique Joni would often use later on in her career on the guitar, to allow the left hand time to move between chords.
