Build me a window to watch everything
 Leave it unshuttered so nothing slips by
 No season, no sorrow, no wonderful thing
 No raspberry, strawberry sun in the sky
 I will bring music and marsipan bars
 And live deep inside you
 Wherever you are

(interlude)

Teach me the ways of the Gemini twin
 Show me the love that he says without words
 Bring me his laughter again and again
 The silence is singing, the quiet is heard
 I will find harmonies waiting unsung
 With two souls to sing them
 Where once there was one
