 If you hear a            politician

099999                    077777  
 or a singer              making song

077000                    00 15 14 15 0  
 do you just re-        fuse to listen

099999                    077777  
 knowing that he        must be wrong?

000 10 8 10              000 12 10 12  
 That's the way it is    you know you

0000979                    000757  
 just see what you      want to see

0 10 9 10 00              0 12 12 12 00  
 Who am I to            tell you how to

032300                    076700                    077700      076700      077700  
 think or tell you        who to be

Additional verses:

I will show you what I know  
Sometimes we will disagree  
If we learn at all to grow  
Then I have done my small duty  
That's the way it is, you know,  
You just see what you want to see  
Who am I to tell you how to think  
Or tell you who to be

I could bring my favorite flower  
Maybe yours would be the same  
Maybe we would argue hours  
Over the fair flower's name  
That's the way it is, you know,  
You just see what you want to see  
Who am I to tell you how to think  
Or tell you who to be

If I brought my good friends home  
And set a welcome table place  
Could you see them past their clothing  
Or past the color of their face  
That's the way it is, you know,  
You just see what you want to see  
Who am I to tell you how to think  
Or tell you who to be
