I awoke to-

00AAAA

-day and found the frost perched on the

000000

town It hovered in a

00AAAA

frozen sky and it gobbled summer down

555555

When the sun turns

333333

traitor cold and

555555

all the trees are

333333

shivering

777777

in a naked row

000000

I get the urge for

00AAAA

going but I never seem to

000000

go

CHORUS:

00CCCC

I get the

00AAAA

urge for

000000

going when

00CCCC

The meadow

00AAAA

000000

turning brown

00CCCC

Summer

00AAAA

time is

And winter's closing

in...

Same chords for remaining verses:

I had a me a man in summertime, he had summer colored skin

nd not another girl in town that darling's heart could win

But when the leaves fell on the ground

And bully winds come around and pushed them face down in the snow

He got the urge for goin', and I had to let him go

CHORUS

I had a me a man in summertime, he had summer colored skin

And not another girl in town that darling's heart could win

But when the leaves fell on the ground

And bully winds come around and pushed them face down in the snow

He got the urge for goin', and I had to let him go

CHORUS

I'll ply the fire with kindling, I'll pull the blankets to my chin
I'll lock the vagrant winter out and I'll bolt my wandering in
I'd like to call back summertime
And have her stay for just another month or so
But she's got the urge for going so I guess she'll have to go
